

# Dinotots Childcare

## What your child will learn

Alongside the Early Years Foundation Stage framework, Dinotots aim to deliver engaging and meaningful activities that allow the children's natural curiosity to be enhanced, to provide them with the skills and knowledge to make positive contributions in the world they are growing up in.

### Reading

To develop a lifelong love of books and reading through story time and activities based on books.

### Maths

Developing children's knowledge, skills and exploring concepts through purposeful play and practise, practise, practise!

### Speaking and Communicating

Developing children's confidence and communication skills by engaging in conversations every day.

### Technology

Developing early digital literacy and nurturing our next generation of investigators, inventors and innovators.

### Health

Laying the foundations for a happy, healthy and successful life through the teaching of health, hygiene and germs.

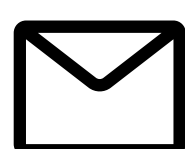

### The World

Encouraging the future generation of global citizens to understand the world and that they can make a difference.
